

Free Business Lab for Teachers Only!

The International Simulation And Gaming Association (ISAGA) is in the 40th Conference in Singapore this year. In conjunction with this event which will be held from June 29 to July 3 in PGPR Auditorium, NUS, we are offering teachers an opportunity a hands-on experience in running their own business in CEO-Match Business Simulation Lab.

Teaching is your chosen profession. Thus you may not have any chance to run a business in the real world on your own. Yet business skills are life skills too. Insights gained from true business experience add weights to advices you may give to your students, whether they consult you on actual business related matters, academic topics or simply problem solving exercises.

CEO-Match Strategic Business Simulation Lab is an Asia Pacific (APICTA) MERIT Award winner with Patent #125900 in Singapore for the Best in Education and Training System that helps you learn **fast**, understand business fundamentals **better**. Additionally, our Facilitator, a Senior Business Executive, will help to fine tune your understanding through Q & A and Peer sharing session.

CEO-Match Challenge in each Lab session is intense and fierce. It simulates real business for participants to build *Strong Characters*, improve *Business Management acumen*, network & nurture *Friendships*, and exercise *Decision-making skills*.

DECIDE to Succeed and Learn IT with FUN
Do it in CEO-Match Business Simulation Lab
