

Dear ISAGA2009 Participants (*who have reserved accommodations at PGPR*)

Please don't make payment first as there is some development concerning the H1N1 flu. The university (NUS) has just decided this morning that all the Type A (air-con with attached bath) rooms are not to be used starting from today. Hence we are told to inform our participants that only type B/C rooms (non-aircon without attached bath) are available.

We are looking for alternative accommodation around NUS but we may have no choice but to use the type B/C room.

Please let me know if you decided to use the type B/C room.

If you prefer to stay in a hotel listed in our conference website, please contact Ms Maslina at [maslina@cma.sg](mailto:maslina@cma.sg).

I am sorry for any inconvenience caused but this is totally out of our control as it is coming down from the top.

Regards  
Sun Teck
